

ENERGIZING YOUR WATER & YOUR LIFE

Zoss Water™

ALKALINE IONIZED WATER
IONIZERS PORTFOLIO

www.zosswater.com

No matter what your goal for your body: To lose weight, add muscle, more energy, better digestion, balanced hormones, overcoming a skin condition, recover or prevent serious illnesses, no matter what - if you are properly hydrated, you are going to see a huge shift.

And if you are properly hydrated with the right water, the results will be incredible. And that's what Zoss Water is all about. Getting you on that first step to optimal hydration, with the most healthful source of water possible.

Zoss Water is a DPIIT recognized, cleantech water solutions company. Committed to energizing your life.

Think of what you need to survive, just survive. Food? Water? Air? Naturally, we are going to concentrate on water here. Water is a basic necessity & one of the most important resources for the existence of all creatures on earth, whether it is an animal or plant. Water is of major importance to all living things; in some organisms, up to 90% of their body weight comes from water. Up to 70% of the human adult body is water.

This is not only because the human body is comprised of 70% of water, but trillions of cells in an organism cannot grow, reproduce and function without water. Blood is composed of 83% water. According to H.H. Mitchell, journal of biological chemistry 158, the brain and the heart are composed of 75% water, and the lungs are about 85% water. The skin contains 64% water, muscles and kidneys are 75%, and even the bones are watery, 31%.

Each day humans must consume a certain amount of water to survive. Of course, this varies according to age and gender, and also by where someone lives. Generally, an adult male needs about 3 liters (3.2 quarts) per day while an adult female needs about 2.2 liters (2.3 quarts) per day. All of the water a person needs does not have to come from drinking liquids, as some of this water is contained in the food we eat.

This implies that the quality of water can either heal or harm us. Without good water, human beings cannot be healthy. How do we make sure that we are making the best use of our pristine resources, water and are not letting ourselves get harmed by its effects?

Definitely, the answer is "alkaline ionized water". Alkaline ionized water is water that has a higher pH level than tap water, upto pH 9.5. and is rich in molecular hydrogen and anti oxidation potential, all alkaline water does not contain hydrogen unless it is generated from a water ionizer device like Zoss Water appliance.

IMPORTANCE OF - PH, ORP, MINERALS

pH (Potential Of Hydrogen):

pH is defined as a measure of acidity or alkalinity of a solution, a value of 7 represents neutrality, and a lower number indicates acidity and high numbers denote alkalinity or more simply more hydrogen

The pH of blood in the arteries should be between 7.35 and 7.45 for the body's metabolic processes and other systems to work well.

ORP (Oxidation Reduction Potential):

ORP is an index showing the level of oxidation power or reduction power. A positive ORP reading indicates that a substance is an oxidizing agent, the higher the reading, the more oxidizing it is. For examples with an ORP reading of +400 mv is four times more oxidizing than a substance with an ORP reading of +100 mv.

A negative ORP reading indicates that a substance is a reducing agent. the lower the reading, the more anti-oxidizing it is. that means a substance with an ORP reading of -400 mv is four times more anti-oxidizing than a substance with an ORP reading of -100 mv.

Minerals

our body needs minerals that are necessary to increase metabolism and are important in the growth and development of the human body. Among the many different types of minerals, essential minerals in water are calcium (Ca), magnesium (mg), Potassium(K), Sodium(Na) etc.

Hydrogen

There are hundreds and thousands of articles and testimonials, which show the healing benefits of ionized water and hydrogen water.

The main ingredient in hydrogen water is free-hydrogen (molecular hydrogen). Free-hydrogen is a unique molecule of two hydrogen atoms, bonded together, but not to any other elements.

When in a free state, hydrogen is healing the body, as it attacks free radicals & neutralizes them. In this way, the body can be healed naturally with free-hydrogen antioxidants. You can only get free hydrogen in hydrogen water, ionized water, or hydrogen gas. Regular water contains no free-hydrogen antioxidants. Out of containment, free-hydrogen will evaporate fairly quickly, so it's best to drink it fresh and if you store it, store it properly.

Hydrogen water is known to both protect and heal the kidneys, heart, liver, stomach, intestines, skin, brain, lungs, eyes, and pretty much every part of the body. [See, over 100 peer-reviewed articles, on our website.]

WHY ZOSS WATER

Anti Oxidants

Good for skin and hair.
Fights free radicals, which are shown to be responsible for various diseases.

Ionized Minerals

It is rich in ionized minerals and active molecular hydrogen which are beneficial for health.

Reduced Oxidation and More H2

Rich in molecular hydrogen, this water may help improving overall wellness and enhanced immunity.

Japanese Technology, Designed In India

Zoss NUC, the super powerful microprocessor ensures consistent pH & ORP in every glass of water.

Custom pH & ORP Settings

Zoss Water appliances, help you craft your own water with different pH settings for 30+ usages.

7 Year Warranty

All Zoss Water appliances come with a 7-year warranty*.

Superior Service Support

We will ensure your Zoss Water appliance operates at its optimum level, with onsite and online support services.

WHAT DOCTORS SAY - "PATHBREAKING INNOVATION"

"Bad diets such as meat and potatoes, fried foods, soft drink colas, and sugars build up acid salts in the body. Often these deposits, by having to be stored away from the blood flow, can remain in the body for decades. I recommend the consumption of ionized alkaline water, which will slowly and gently wash these salts away."

Dr Hidemitsu Hayashi

Heart Surgeon and Director of the Water Institute, Tokyo, Japan

Alkaline water rids the body of acid waste... After carefully evaluating the results of my advice to hundreds of individuals, I'm convinced that toxicity in the form of acidic waste is the primary cause of degenerative disease.

Dr Sherry Rogers, USA *Leading National Toxicology Expert*

The cells and fluids in most people's bodies...are overly acidic. This can cause a lot of health problems. It prevents your body from neutralizing and disposing of harmful, poisonous toxins and leaves you more susceptible to the cell-damaging free radical oxidation that leads to cancer and other diseases.

Dr. Robert Atkins *Noted author, health and diet expert*

As long as the body has adequate oxygen and the body fluid and tissue have an acid/alkaline balance, amazing health ensues. It's actually very simple.

Annie Padden Jubb and David Jubb *Authors of Secrets of an Alkaline Body.*

It is widely recognized in the medical profession that a healthy and clean colon is one of the most important precursors to good health and that the great majority of body ailments and diseases originate in an acidic and dirty colon. Water is essential for your health. Drinking "good water;" especially hard water (rich in minerals) which has much calcium and magnesium keeps your body at an optimal alkaline PH.

Dr Hiromi Shinya, USA

Director, Shinya Medical Clinic, New York
Dr Hiromi Shinya's revolutionary "Shinya Method" has become widely used in colonoscopy procedures worldwide.

Drinking four to six glasses of alkaline water a day will help to neutralize over acidity and over time will help to restore your buffering ability. Alkaline water should be used when conditions of over acidity develop, such as cold, flu, or bronchitis. Like vitamins C, E, and Beta Carotene, alkaline water acts as an antioxidant because of its excess supply of free electrons.

Dr. Susan Lark, USA *University lecturer & Author of 13 best-selling books on women's health*

Afer years of very positive continuous clinical experiments that I am conducting with hundreds of clients using electronically restructured alkaline water, it is my opinion that this technology will change the way in which all health providers and the public will approach their health in the coming years...My suggestion is to drink restructured alkaline water whenever possible.

Felicia Drury Climent *Author of The Acid Alkaline Balance Diet, Adjunct Professor, City College, New York*

The hydrating capacity of water can be enhanced by adding a structuring agent. The structuring formula is composed of ionic minerals that organize and reduce the water molecules, holding them together in small clusters, to facilitate their flow through the cell membranes.

Christopher Vasey N.D., Switzerland *Author of The Water Prescription*

Zoss Water Process

5 STAGES - For Consistent pH & Oxidation Reduction Potential

Purification and RO* : For installation of Zoss Water appliance, we use Zoss filters or TDSC systems only if the water conditions are not as per the recommendation.

Alkaline water* can be produced using stones and artificial minerals as well, alkaline ionized water like Zoss Water is produced by advanced computational electrolysis without adding any synthetic stones or artificial minerals, thus increasing the pH and ionization only with its state of the art ACE technology.

YOUR HYDRATION MATE

6 different kinds of water for daily usage:

- Cleaning of fruits & vegetables
- Cooking delicious food
- Ultra hydration of body
- Healthy glowing skin
- Effortless cleansing

Multifunctional Waters

Cleaning Water :

Ideal for removing harsh pesticides. Simply fill a bowl with cleaning water level 4, and let your fruits and vegetables soak in it for 20 – 30 minutes.

Cooking Water :

This water lets your favourite dishes taste delicious in many ways, like preparation of soups and making tea as it helps to enhance the overall taste & aroma.

Brewing Water :

Slightly strong alkaline ionized water is known to reduce the acidity of both tea and coffee, and works particularly well for light roast and cold brew coffee.

Drinking Water :

Energize and hydrate your body with this water, it helps to lower oxidation, supporting natural pH balance of our bodies.

Filtered Water :

This water has pH and ORP level that is inherent from the water source. This level is ideal for infant consumption, as well as medication purposes.

Toning Water:

This pH of toning water is 5.5 and it is optimal for washing your face, hair and body as it works as a natural astringent to remove dirt and oil from your skin.

5.0
RATING

Aakash Nair

Software Engineer
Mumbai

Prolonged sitting hours resulted in constant headache, while I thought the problem was migraine, it was actually dehydration. With Zoss Water I have benefitted a lot.

Mohd. khubeb

Entrepreneur
Lucknow

Drinking Zoss Water 3-4 liters in a day resulted in reduced acidity issues and heartburn challenges. I would highly recommend it.

Kannan Agnihotri

Seafarer
Kochi

I workout a lot, and Zoss Water helps me with those last repetitions and lesser muscle fatigue. I can feel the difference.

Sanjana Jain

Aspiring Model
Delhi

With Toning water it becomes much easier to cleanse my face. it has a pH of 5.5 which is great for any skin type.

Sumanto Chaudhary

Disc Jockey
Mumbai

I cannot tell, how much I love the anti hangover benefit of Zoss Water. This is the most delicious anti hangover beverage as well.

Rahul Rathore

Banking Professional
Delhi

Asking Kids not to eat junk food is difficult, providing healthy water to them was a smooth transition. They love the taste and have started to drink more water than before.

ENERGIZING YOUR WATER & YOUR LIFE

Never seen before, HOT + COLD options.

Easy buying options, with low EMI's.

Peace of mind, with 7 years warranty on Zoss NUC.

With quick fill technology, enjoy upto 4 Liters per minute outflow.

Nature friendly and power saving feature.

After careful evaluation, we first sterilize your Zoss Water machine.

We ensure your Zoss hose is always free of any calcification and does not reduces the flow of Zoss Water.

We recommend changing the Zoss pre seca / Tdsc as per the inlet water conditions of your area.

After evaluation and testing. It's time to ensure your Zoss Water machine looks clean the way it was in original condition.

Technical Specifications

Vienna

- Advanced Computational Electrolysis (ACE), Powered by Zoss NUC.
- Superior 3 plates, largest plate size in the industry, 9x12=108cm²/pc.
- pH levels upto 9.5*, ORP levels upto -250*.
- Titanium plates coated with platinum.
- LCD display and touch control options.
- Water flow Capacity upto 2 liters per minute.
- 5 multifunctional waters for 2+ uses.
- Automated anti-scaling technology for longer life.
- Optical & Audible service reminders.
- Optical pressure indicator.
- Optical & Audible pH 5.5 Toning (acidic) water indicator.
- Auto shut off for over heating & over water flow.
- Automated power saving features.
- 8000 Liters Zoss cartridge life.
- W 23 x D 14 x H 33 / cm.
- 110V - 250V.
- Max 160W.
- Japanese Membrane.
- 4 colors backlight LCD display Japanese alkaline hose.

Sydney

- Advanced Computational Electrolysis (ACE). Powered by Zoss NUC.
- Japanese Membrane.
- Superior 5,7 plates. Largest plate size in the industry, 9x12=108cm²/pc.
- pH levels upto 10*, ORP levels upto -550-750*.
- Titanium plates coated with platinum.
- LED display and touch control options.
- Water flow Capacity upto 4 liters per minute.
- 6 Multifunctional waters for 30+ uses.
- Automated anti-scaling technology for longer life.
- W 18 x D 23 x H 37 / cm.
- Faucet diameter 35 cm.
- 110V - 250V. Optical service reminders.
- Optical & Audible pH 5.5 (acidic) water indicator.
- Auto shut off for over Heating & over Water flow.
- Automated power saving features.
- Fiber carbon and sediment filter.

Oceana

- Advanced Computational Electrolysis (ACE), Powered by Zoss NUC.
- Superior 3,5,7 plates, largest plate size in the industry, 9x12=108cm²/pc.
- pH levels upto 10.5*, ORP levels upto -550-750*.
- Titanium plates coated with platinum.
- LCD display and touch control options.
- Water flow Capacity upto 2 liters per minute.
- 6 multifunctional waters for 30+ uses.
- Hot+cold+Ambient water types.
- Automated anti-scaling technology for longer life.
- Optical & Audible service reminders.
- Optical pressure indicator.
- Optical & Audible pH 5.5 Toning (acidic) water indicator.
- Auto shut off for over heating & over water flow.
- Automated power saving features.
- 8000 Liters Zoss cartridge life.
- 31.2(W)x45.6(D)x53(H) /cm.
- Water tank capacity: Chilled 1.5L Hot 2.4L Alkaline 3L/Min Max.
- Cold 170W; Hot 750W; Alkaline 110W.
- Max 160W.
- Japanese Membrane.

References

1. ORP levels depend directly on the inlet feed water. pH value varies by +.5-.5 and ORP values vary by +100-100 depending upon the inlet water.
2. Zoss Seca/TDSC applicability depends upon the hardness and TDS of inlet water.
3. 7 years warranty is a limited period offer and can be withdrawn by the organisation. Do check with the reseller/affiliate/company before purchasing your Zoss Water appliance. Inclusions differ according to the products and their usage, do refer to the manual for optimum usage of your Zoss Water appliance.
4. Zoss Water or its authorized partners, resellers, value-added resellers, affiliates, cannot and shall not be held liable for any sickness or illness due to the consumption of drinking water from any Zoss Water appliance, as Zoss Water or its partners does not have any control over the maintenance and usage of Zoss Water appliance and inlet water.
